

WATER

Collect rain water for watering the plants. Stop water running when washing the dishes or brushing teeth.

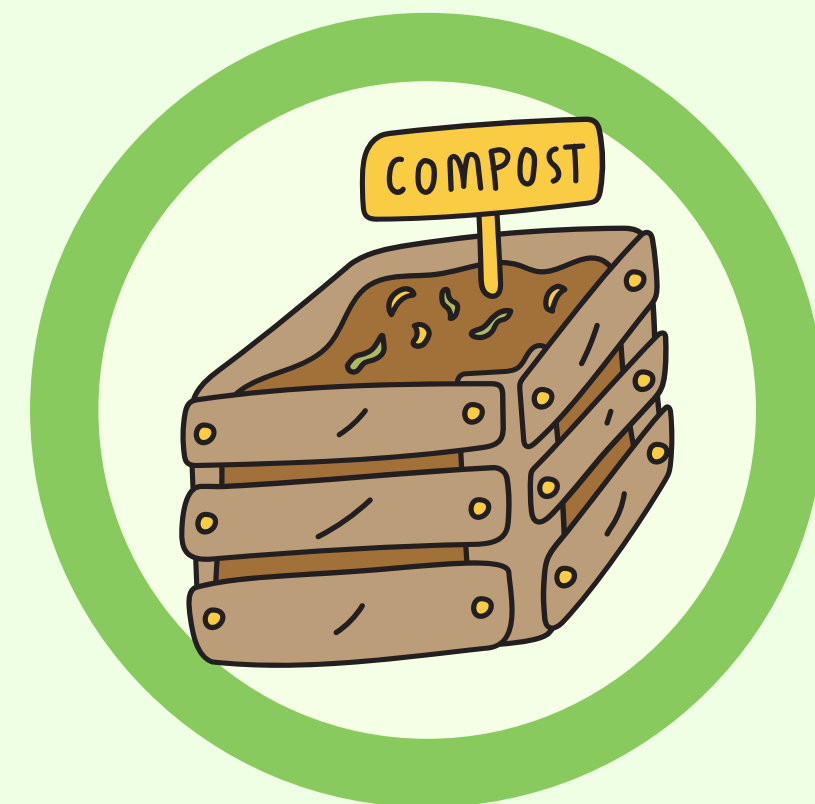

ELECTRICITY

Save electricity. Turn off all electronic appliances when charged or not needed.

WASTE

Separate trash respectively. Use things as long as you can.

FOOD

Don't waste food and compost food leftovers.

PACKAGING

Consider the packaging before buying goods. Use your own bags or containers whenever possible.

SHOPPING

Don't buy things that are not practical or you do not really need.
